

# Workshop Route: " S & D Bournemouth West to Bath and Burnham"

## (CG) Early Evening to Burnham

Previously released for "Along the levels to Burnham on sea". That Scenario is available from:  
<http://www.wotawallysbits.co.uk/my-scenarios>

Set in 1955 and using the correct stock for the line. Make up your train at Evercreech Junction and take the 18:15 Stopper Service to Burnham on sea and back to Highbridge where you park up for the night.

This scenario comes in two versions: the complete scenario which is 110 minutes long - and the scenario cut into three shorter parts of 45, 40 and 25 minutes length. Both versions are included in the package.

### **Freeware required:**

S & D Bournemouth West to Bath and Burnham: Available from the Steam Workshop -  
<http://steamcommunity.com/sharedfiles/filedetails/?id=438520773>

### **Payware required - All from DT (Digital Traction)**

DT_3F Loco	DT_4MT_loco
DT_GreatBritishWagons2	DT_MK1_coaches
DT_Wagon_pack1	DT_Wagon_pack2
SRVans1	

The DT\_3F Loco, DT\_4MT\_loco, and SRVans1 are essential for the scenario. The other items can be swapped out using RW\_Tools if required.

Installation: Use the Package Manager to install the "CG\_Early\_Evening\_Burnham-Bourne\_Bath.rwp" and then enjoy.

+++++

## (CG) Freight to Wells 60min

Previously released for "Along the levels to Burnham on sea". That Scenario is available from:  
<http://www.wotawallysbits.co.uk/my-scenarios>

Set in 1951 and using the correct stock for the line. Make up your train of freight wagons at Bridgewater and deliver them to Wells
